

AJAY INDRAJEET PATEL

Business Analyst | CSPO

Mumbai, India | +91 7020173314 | ajaypatel02525@gmail.com | linkedin.com/in/ajaypatel02525

Summary

Techno-Functional Business Analyst with 4+ years of experience delivering digital transformation and client-focused solution initiatives across TravelTech, FinTech, and SaaS ecosystems. Skilled in requirement elicitation, BRD/FRD/FSD documentation, stakeholder management, Agile delivery, process analysis, API integrations, and UAT coordination. Experienced in translating business requirements into scalable functional solutions through collaboration with engineering, QA, UX, and business stakeholders. Hands-on experience working with payment gateway integrations, transaction workflows, and customer-facing digital platforms. Certified Scrum Product Owner (CSPO) with proven success in workflow optimization, stakeholder alignment, and Agile delivery execution.

Work History

Vernost Marketing Technology Solutions Pvt. Ltd., Mumbai

Feb 2023 - Jan 2026

Techno-Functional Consultant (Business Analyst)

Curacao Travel — US-Based TravelTech OTA Platform

- Led **requirement gathering, stakeholder workshops**, and functional solutioning for the Packages module (Flights + Hotels bundle).
- Authored **BRDs, FRDs, user stories, acceptance criteria**, workflow diagrams, and maintained **requirement traceability (RTM)** across Agile delivery phases.
- Conducted **As-Is / To-Be analysis** for booking workflows and collaborated with engineering, QA, and UX teams to optimize **user journeys**.
- Supported **payment gateway integrations** and transaction workflow validations for secure hotel booking and payment processing.
- Led **SIT/UAT** activities, defect triage, **sprint coordination**, and **stakeholder sign-offs** for release readiness.

Key Impact:

- **Reduced requirement-related rework by ~40%** through structured documentation and early stakeholder alignment.

Indigo Hotels — Hotel Booking Platform

- Defined **functional requirements**, user stories, and business rules for booking flows, checkout journeys, and payment integrations.
- Conducted **customer journey analysis** and collaborated with UX teams to improve booking experience and conversion rates.
- Supported API integrations with hotel inventory and payment gateway systems ensuring reliable transaction processing.
- Participated in **sprint planning, backlog grooming, SIT/UAT validation**, and **release coordination** within Agile teams.
- Collaborated on payment workflow integrations involving booking transactions, refund handling, cancellation logic, and pricing validations.

Key Impact:

- Improved booking conversion rate by 18% and supported platform launch handling 200+ daily bookings.

Axis Travel Edge (Axis Bank) — Enterprise B2C Travel Booking Platform

- Collaborated with stakeholders to **define MVP scope, prioritize requirements**, and optimize booking and payment workflows.
- Conducted **gap analysis** and **documented functional workflows** for booking, cancellations, refunds, and reporting modules.
- **Coordinated with engineering, QA, and business teams** to manage requirement clarifications, change requests, and sprint execution.
- Facilitated **Agile ceremonies, SIT/UAT validation**, and production release readiness activities.

Associate Project Engineer

Pavan Air Cool, Mumbai

Jan 2020 – Dec 2022

- Coordinated with clients and vendors to gather **project requirements** and **align execution activities** with business timelines.
- **Prepared workflow plans, project reports, and progress tracking documentation** to support operational visibility and execution control.
- Conducted site and process assessments to identify **execution gaps, improve coordination efficiency**, and support timely project delivery.

Core skills & tools

• Requirement gathering	• FSD/BRD	• MVP	• Acceptance Criteria	• Use Cases
• Spring Planning	• User Stories	• User Journey	• Draw.io	• Cross-functional
• Backlog Grooming	• Wireframing	• SIT/UAT	• PowerBI & Excel	• SQL
• Stakeholder Management	• Gap Analysis	• Process Mapping	• Jira	• SDLC
• Agile Delivery	• Workflow Optimization	• UI/UX	• Figma	• RTM

Education

- Bachelor of Engineering (Mechanical) – **Thakur College of Engineering & Technology, Mumbai**
CGPI: 7.75 / 10 (2019)
- Diploma in Mechanical Engineering – **Theem College of Engineering & Technology, Mumbai**
Percentage: 84.39% (2016)

Certifications

- Certified Scrum Product Owner (CSPO) – Scrum Alliance
- AI for Product Managers – Google Cloud, Pendo & Mind the Product

Awards & Achievements

- **18% Booking Conversion Improvement** — Delivered through UX-driven requirement definition on the Indigo Hotels platform (0→1 build).
- **~40% Rework Reduction** — Achieved via rigorous BRD/FSD documentation practices on Curacao Travel, recognized by US client stakeholders.
- **300–400 Daily Transactions Handled at Launch** — Axis Travel Edge (Axis Bank enterprise platform) went live on schedule with zero P1 defects post-deployment.
